

### 獎學金得獎同學心聲:

*'What is your most unforgettable experience in your lifetime so far?' If someone asks me this question, without hesitation, I would reply: June 2001. What happened that month? You may probably know that, it is the study tour in Perth, Australia. Really, let me tell you why.*

*I met a group of friends who were both active and friendly. Although they were all come from Hong Kong, I cannot help reminiscing the great time we shared together, to learn to adapt to the brand new living environment in a typical western country, to learn Aussies slang, to hang out together at night and most importantly, to explore the hot spots in Perth every afternoon after the class in the morning. One week is already enough for me to develop deep friendship with them, not to mention one-month time. So, feeling lonely should be your last worry to study there. I would like to express my gratitude to the Australia Education Association for offering me the scholarship for this program and let me have the chance to explore. Thank you for a million.*
