

My Sharings

It was my first time to go overseas and I enjoyed this trip because New Zealand had some attractive points, which were better environment, lifestyle of people and many famous places.

The environment of Auckland was wonderful. The fresh air, huge harbour, green plants, big sea and beautiful buildings, they could

create a relaxing atmosphere to attract people to stay here for taking a rest in their life.

The lifestyle of NZ people was quite surprised to me because there were definitely different lifestyle compared to HK and I love it very much. Comparing to HK, there are very busy in HK, people lived with quick tempo and may not know how to relax. NZ is a good place to take a break. They don't work very hurry and just relax.

There are many landmarks in NZ such as One Tree Hill, Queen street, zoo, etc. It is difficult to find the similiar place in HK. The place is very beautiful and I like it very much.

In conclusion, NZ is a good place for the people lived in city to take a rest and you must feel relaxing in this place.
