Reflection

My favorite part of the trip is the three school days that can follow our bubbly. I play basketball with my bubbly, he teach me play drum and play music with me. The thing that surprise me is the people in Brisbane is nicer than the people in Hong Kong, because in Hong Kong, I walk though the others, they won't say hi to you, but in Brisbane, people will say hi when you walk though them. I think that I changed a lot in my self-management, I learned to be more polite to others and I also learned we should not speak too loud in the street because it will disturb others, and also I learned to have a better time management. I think after this trip, I will be more polite to others and will be always on time. I think I should do better.

in the sound when I am speaking on the street, because I will disturb others if I talk too loud, and others people may think every Hong Kong people always talk so loud and think that we are not polite.

Thank You:)
