

My Sharings

It was a cool tour- my host family were like my best friends, they are really funny and hilarious, my homestay also had two kids and they were really adorable, I loved to play with them and tell them stories every night. The school was good too, it was

huge and I got lost for a couple times, but I'd like the school a lot, but it'd be great if I could have a buddy. I had three free days with my home stay and we went to Sunshine Coast, Gold Coast, Ekka, Brisbane City and some other malls and places, I had lots of fun

there and I'd love to visit there again. This tour was successful.
