

My Sharings

In this 12 days study tour, I think that is wonderful. I think that Brisbane is a nice place because there are lots of spectacular views, nice people and families. I love this place very much. It is a pity that I just have 12 days here but the whole tour is really meaningful and unforgettable. We learn many things about the locals from our good teacher Heidi. She help us a lot in this tour. My English is weak but she always teach us with patience. She designed a lot of activities for us to do during lessons. She is a good and professional teacher.

Also, Christy is a good captain. She always help us with a lot of things such as bring us to buy food,

take photo for us, teach us English. She is really reliable. She is a good friend and captain.
