Times flies, in the last 12 days, I had a wonderful trip in Cairns. It is meaningful and memorable for me. During the trip, we knew about the informations and culture about Cairns city. Our native English teacher is Claire. She taught us a lot, such as the ionic animals in Australia and grammar. She not only taught us knowledge, but also shared about our lives together. Besides, we learned the history of Cairns through the Cairns Historical Museum and Tjapukai Aboriginal Culture Park. We knew about the local animals through Cairns Rainforest Dome and Hartley Crocodile Adventure. We saw koala, kangaroo, emu, crocodile, snake, wallaby and so on. Some of them are cute. While some of them are pretty dangerous to

humans. But all of them were very fresh to us. For the day we went to The Green Island is really enjoyable. The views and the beach are gorgeous which make me felt relax and the nature of the world. Through the glass bottom boat, we saw a wide variety of fish and corals. The sea water is so clear and blue like a mirror. That was really amazing. After the trip, we went to center to shopping for buying some souvenir, like game jerky, honey, snakes, health supplement. I bought a lot because I want to share with my family and friends. During this 12 Day, our hostfamily treated us very nice. We also became friends. In conclusion, this trips ~~has~~ broadened my horizons and boosted my English communication skills. Moreover, it is an unforgettable experience in my life.

Thank
You :)
