The study trip was good and it brought me a lot of happiness and experiences that I have never had before.

Firstly, it made me become braver and more independent. I've learnt to be brave to talk to other people who are from other countries. I found that it was really funny to communicate with them and exchange our languages. For example, a girl from France taught me to speak French. We laughed together and shared our joy. I had a lot of memories there.

Secondly, the views in Sydney were really amazing and gorgeous. I like the Harbour Bridge most because I

could see the beautiful sea with the Opera House together. The view was as beautiful as a heaven.

Thirdly, the host family treated us really good. ^{Our} host family has a dog named Eille. It is really friendly and cute. Our host mother and father were really nice to us.

They gave us two surprises which made us very happy and had a good time. They were really kind and always ^{helped} us. I will miss them so much. I ^{was} very thankful to spend two weeks with them.

To conclude, this trip was really good and I will never forget it. I will come to Australia again if I can. Thanks for all the people that helped me in this trip!

Thank You :)
