In this unforgettable study tour, it was great and memorable since there were a lot of wonderful memories.

Although we were totally different from the people who came from different countries, such as Brazil and Italy. We got on well with them and made lot of friends during this trip.

During this trip, I have learned the cultures of Sydney, which had a big difference. Sydney is a great and pretty place since the people in here are very polite and helpful, which is not like Chinese people. I appreciate with their behaviour.

The most memorable moment was that we went to Luna Park. We entered into the haunted house. Inside the house, there were a lot of horrible creatures inside. Although it was horrible, we still enjoy ourselves in Luna

Park.

Beside that, we went to Manly Island too.

The view there was awesome which had clean and beautiful sea and beach. that I fond of it. We both had a great time there.

I love ~~Sydney~~ Sydney as same as Hong Kong because of their wonderful cultures and their politeness

Thank
You :)
