This summer holidays, I went to Brisbane with my classmates and teachers! It is winter in Brisbane in July so I bring some long sleeve and trousers but the sun is fierce here. therefore, it made me feel very warm! My host family are very friendly and talkative, their daughter's name is same with me, she is called Natalie too! They gave us a lot of food every day, it made ^{me} so full! When I was having lesson in AICOL, I made some new friends, such as, shion from Japan, Jun from Korea and Elina from China, all of them were so nice, we talked about our life in our country, it was very interesting to listen their sharing! I learn a lot of things from my new friends and English from my class teacher Gabrielle Brown, I was so glad to get to know them! One of my most profound attraction is skypoint because when I am up there I can see the whole Gold coast! It was spectacular! My second most profound attraction is Currumbin

Wildlife Sanctuary because the animals inside there were cuteness overload! The kangaroo and it's joey made my heart melt and the koala is pretty too, I don't think the koalas are as lazy as people think! However, I don't like the frogs and snake inside the Wildlife, they are so disgusting and terror! By the way, I love Australia very much because every people in here are so nice and the air is fresh! In AICOL, I learnt many English skills, for example, homophones, genres, mainstream occupations and direction, it lets me benefit a great deal! This trip must be a unforgettable memories of my life! I will not forget forever! My teachers Miss. Li and Miss Lee are amiableness, they take care of me a lot, I am very grateful to them! Also, my leader Jeff is friendly too, he always help my classmates and me take photos! He is afraid of roller coaster! It was very fun to have a joke to him! I really don't want to leave this city because I have a lot of here and I was reluctant to leave my host family, AICOL's teacher and Australia's friends, I think these 12 days gave me a memorable experience!
