At this trip, we need to go to school, but I like it, because my class is a wonderful class, there has a nice and a patience teacher and there are a lot of nice classmate, so I like this class.

I love Brisbane very ~~much~~ much, because the view at Brisbane is very beautiful, and people at Brisbane are very nice, they are polite, and they will think for other, so I like them and Brisbane very much! I think this study trip is very good. I can learn English but I can visit to a lot of different and famous place in Brisbane at the same time, So I think the arrangement of itinerary is well done.

I have seen the culture of many different countries, because Australia is a globalization and a diversified countries.

I think the most unforgettable at this trip, is my homestay. at my homestay, there are many people and they are come from different countries, there have some Korean, Australian, Taiwanese and Vietnamese, It is very special, because there are many language and culture at one house, so I think it is interesting and most unforgettable at this trip. I will not forget everything at this trip.

Thank
you :)
