I've join an Australia study tour which take place in Brisbane - Gold Coast. Gold Coast is one of the most famous scenery in Australia. If you ask me where is the place I like most, I'll tell you the beach without a doubt. There are long sandy beaches, if you go on the Skypoint which is a very high building near the beach, you'll see it! I've been to 77 floor on Skypoint, we can see the whole view there, it's amazing! When you walk on the sand, you'll feel how it soft, when I tried to scoop the sand, the sand fell off between the fingers. When we went to the Observation deck extending out to the sea we can even see our shadow in the water, the water is clean and clear like a mirror! That's why I love the beach.

There are many memorable moments in this study tour. We've been to Movie World. Playing roller coaster

with friends is excited, we rode on roller costers that we didn't dare to ride before. It's wonderful that we spent the whole day in the Movie World and overcome my fear of roller costers.

I'm living with my host family these days and there's also a Japanese girl living with us. I'm pleased to meet them and I enjoy the time beeing with them.

I've learnt alot in Australia. Leaving home for a few days and have a trip without parents help us learn how to take care of ourself.

I've wonderful days in Australia, that makes me hope coming here again.

Thank You :)
