The 12 days Australia study tour is nearing completion. It is my dream to be here. Now I'm here, so my mood is very unreal.

In these ten days, we go to school in the morning to study English. Originally, I thought it would be very boring, but I can't think of the teacher here is very humorous, often joking with us, so that we have a lot of smiles. When we encounter difficult problems, the teachers are very patient and explain them very detail.

Everyday after school, we go to different places, such as: Skypoint, Wildlife Sanctuary, Movie World, etc. My favourite place is Movie World because there is a lot of roller coasters ~~is both~~, suitable for both adults and children. We watch two shows called: Hollywood stunt driver and The lego movie 4D experience. Those are impressive!

I really like Australia. The air is fresh. the blue

sky and white clouds, the Australians are also very kind and enthusiastic. I remember one day when I walked back to school with my friend, there was a stranger with a smile and said good morning and have a nice day to us. I feel very warm. In addition, I'm less likely to say thank you in Hong Kong. In Australia, our host family often says thank you, so that I become very happy to say thank you, they are also very nice!
