

My Sharings

This was a really meaningful trip, because I learnt a lot during this 16 days, such as the culture of Germany, the habit of Germans, how to be independent, how to get along with others and how to manage money.

Also, since this was the first time for me to join a study tour, everything was new and challenging for me. but I was so lucky that Mrs. Ng^{and} my classmates were really nice to me, they taught and helped me a lot, so that I can adapt this new environment.

Moreover, I found that there are many differences between Stuttgart and Hong Kong! Göttingen where my host family are located has many trees, the air was really fresh that when I compare it to Hong Kong.

In addition, I love speaking German now! Since it was a new language for me, I found it complicated at first, but after a few lessons, I found that German is not that difficult anymore!

To sum up, this is a really meaningful and unforgettable trip for me! Thank you all of you!"
