

My Sharings

Everything was well-designed although the number of English class was a bit little. More English class is suggested.

~~Some~~^{The} orientation and the graduation

~~cer~~ ceremony took up too much time, say like the whole morning or the whole afternoon. This can be improved in the future.

All staff and tour leader ~~are~~ were helpful and tried hard to teach our students to behave well, which was highly appreciated.

~ The End ~

Thank you for your input! Your comments and suggestions are very important to us.
