Reflection

I'm so glad that I can take part in this study tour to Auckland, New Zealand. During these 12 days, we had classes in the morning, and then went to the famous places in the afternoon. This is a precious memory for us because time flies quickly. In AEC, we not only learn English, but also know a lot of Korean students and learn a lot of Korean. At ^{the} same time I also met my friend Matthew, Faith, Jini and Eileen. They are very friendly, I often chat together in our spare time. Although we have language differences but we hard to try to express his out thoughts and courage. Teacher Lyn is also very cute and gentle. Her teaching method is more to let students organize and think by themselves which is different from my school. I like this way of learning.

My homestay family is also very warm to us!

My mother is ~~also~~ very responsible for transporting us to school. Every day, she will talk with us about school and or news. She often said that father's cooking is better than him although it's true, I like her undisguised character!

What impressed me deeply in this study tour was that whenever we went to different tourist attractions, a 'professional' photographer took pictures for us. His name was Samuel. We also made a lot of jokes during the shooting but these will be our most precious memories!

I like this beautiful and comfortable place in New Zealand. I will come again if I have the chance!

Thank
You:)
