Reflection

In this study tour, I have many not only joyful, but also meaningful experience.

In the homestay, I watch a lot of English by watch TV, games. But I don't know that I can use it in my writing or not. Between the dinner, I learn about the rules of western country, I need to sit near the dest, and sit properly to eat, it's different of Hong Kong. Beside, I also play 'Pool' at my homestay. That's the first time I have such a big room for playing and take a rest. I feel very joyful and excited for this.

About my tour trip, I went to many place. Like Devonport, Mission Bay, Hibury Park, Auckland Museum, Auckland City Tour and

MOTAA & Botanic Garden. What a beautiful view of New Zealand. In the museum, I saw and learnt a lot of history (WWI), animals, Transport. Many new vocabulary appear to me, but I can handle it. I tried to remember it and use it, but it is not successful. In the museum, I talked to New Zealanders by using English. After few day, I tried again and it was better.

In the school (AEC), I saw many things about it. Many Korean student are handsome and beautiful. I use English to talk each other and learned Korean from them. Speak in English in all day is the must because they didn't know Chinese. I also learn table tennis and guitar in school. Yeah ^_~

After this trip, my body have put many joyful experience and knowledge, I want to go to study trip again. Miss you forever, Auckland NZ.

Thank You :)
