## Reflection

This is the first time I have ~~been~~ <sup>come to</sup> England. Also it is also ~~a~~ the first time I have a long <sup>time</sup> study tour. Two weeks' study tour gave me a lot of experiences and it will become wonderful memories.

This study tour let me had my first time to live in host family.

Let me had a chance to live with different countries people. It <sup>also</sup> was the good chance to practise our English speaking ability. We learnt how to communicate with others by using English. Also, the English classes are very interesting because we can had our lessons with different students who came from different countries. We can make

some friends from the lessons. And we also can visit many famous places. It can broaden our ~~host~~ horizon. All in all, this was fantastic and wonderful study tour.

Thank You:)
