On 25th June, I arrived Cairns. When I ride on the bus to school. I was so surprised, because of the view! Cairns has a good environment. There are lots of trees! There are no tall buildings, there are only houses. Therefore, the pollution there are less than Hong Kong.

I like this study tour really much. We've visited a lots of place, such as Tjapukai Aboriginal Cultural Park, Palm Cove, Cairns Historical Museum, Cairns Rainforest Dome and Hartley's Crocodile Adventures. It was a unforgettable trip. My favourite place was Palm Cove. It has a beautiful beach and has some souvenirs stores. It was a beautiful and romantic place. We had had a lots of fun playing sand and playing on the sea.

The most memorable part of this trip was visiting Green Island. On that day, it rains heavily. When we were riding on the ship, it was really tough, many of us vomit. But when we arrived, it stopped rain! So that we can still play on the beach!

I've learnt a lot from this trip. Besides English, I learnt how to be an independent person. After we ate our dinner, we went to wash our dish, also we hanged our clothes by ourselves. Moreover, I want to thanks my host family. They taught me a lot and made me a lot of delicious dinner. This was the best study tour I've ever been to.

Thank You :)
