I really love here. I visited a lot famous place in Ireland like Malahide Castle, Trinity College, Howth Cliff and more and more. But make me felt most impressive place is Dublin Zoo because this is my first time going to the zoo, that make me sock and I can saw my favouite animals giraffe. The Trinity College have exhibition about "Book of Kells", that is most popular and famous in world. In this study trip I learn a lot of skills seem like English speaking skills, reading skills... This study trip make me have a good opportunity to talk with foreigners in English and I met a lot

friends in there they from different country for example Spain, Russia, Italy... I think Dublin, Ireland in education aspects is different in Hong Kong - In there they usually play some games in class to communicate each other and study English. I think that is a good way to learn English for me because that is not ~~really~~ boring make me feel more energy.

Thank You :)
