Reflection

Here for two weeks, I learned a lot of words and Irish culture. It make me cheerful and surprised as it is different from Hong Kong. The environment here is very beautiful and very different from Hong Kong. The reason I like it is that I like nature. ~~My~~ ^{There is} ~~host~~ ^{is} a large beautiful meadow outside my host family. I took some picture, too. Every day, we have a english courses. I still remember that on the first day, we were doing a simple english assessment and speaking test. Finally, I entered the Intermediate class. I like the system of placement because I can know where my own level is and what can be improved. Teachers teach different

topics every day, such as sports, reading and writing tip. But most of the time is to discuss some issues with ~~another~~ people. I have something memorable moments at Ireland. I think it's maybe at the last day as I may not meet everyone again, so we took photos and hugs with each other. I am sad and happy because I miss my parents. I am not willing to have a two week exchange group. I want to prepare for a rising mood. I hope I can have one good farewell. At last, I hope I can comeback again in the future because I really like Europe ~~per~~ than Asia. This is the end for my study Tour experience. See ya! ~ 😊

Thank you :)
