Reflection

In this trip, I ^{can} learn about some culture and history about Australia such as the different kinds of the animals and the food. I love the fresh air and the nice host family in Melbourne. And also our teacher in the school Pip. She always told some funny stories and jokes during the class and use some interesting ways to taught us about the knowledge. Moreover the tour guide are very nice to us. She always solved all of the problem and took good care of us.

During the trip, I can make more friends and keep a great relationship with them, we go everywhere together and learn a lot about the ~~friend~~ ^{friendship}.

For me, the most unforgettable part of this trip was went to the ~~Hot~~ Healesville

Sanctuary, there are many animals that we may not see in China such as the platypus, the tree kangaroo and the wombat. Furthermore, I can see the famous animals of Australia like kangaroo and koala.

In addition, Melbourne is a nice place for me to travel and greatly to widen my horizon.

Thank
You :)
