It's amazing and good for the study trip. I like Australia, Melbourne it's a beautiful city. ~~These~~ Those local people are very kindly and friendly. At this city, I learn more about the city's culture. That's a good experience for me. Also there are many living habits ~~made me~~ that I ~~think~~^{thought} were interested, liked Australian wash ~~there~~ their clothes once a week. I thought that it's strange, but then I ~~knew~~^{knew} that water is expensive and precious in Australia. And I knew Australian won't go out at night besides holiday, so it's very quietly on the streets, and they loved party and beer. I really want to have a chance to join their party. For this trip, I can improve my English, like speaking skill and listening ~~skill~~, because I speak English in Melbourne everyday, it's useful to ~~train~~ train my English.

There are also many memorable moments that I feel, like Lake Mountain, this is my first to see snow, the mountain it's very beautiful and satisfied, also it's very cold on the mountain.

Melbourne Zoo is also interesting, I can see some unique Australia animals like koala, kangaroo and platypus, also there are many animals ~~come~~ from another places that I never have seen before. So this is a amazing experience for me.

It's a good and amazing experience for me, and I hope that I can still able to join ~~another~~ other study tour like this!

Thank
You :)
