## Reflection

It is very excited to travel to Oxford. In there, I can meet many local British man, who speak traditional English. Also, we need to live in a Homestay. This is quite a new experience for me. The Homestay is friendly to us. Makes me speak more to them. I am pretty enjoy the experience to Oxford.

The study is fantastic. Oxford is a quite a old place and have a famous University, Oxford University. Which have 38 colleges. In there, the Oxford School of English bring me to lots of different places such as the city centre, Warwick Castle and the wildlife park, which cannot be seen in Hong Kong. Also, the entertainment is also very more. Such as the sport right and bowling, these things make me enjoy Oxford very much. And of course, I like Oxford.

In the English Lesson which provided by Oxford School of English. I have a chance to talk with other people from another countries. Because of that, I need to speak many

English. In addition, the teachers give many reading and speaking lessons for us. We can improve our English, especially the social skill to others.

The Oxford city is quite make me surprised. In England, most of the city is very old, and without modern things. But in Oxford city. It have a mix of ancient and modern. There are Carfax Tower, which are built in a thousand years ago. Also the Westgate Oxford, which is a very big shopping centre and have very modern style. So, the mixture of Oxford pretty makes me surprised.

Thank You :)
