Reflection

This study tour was very exciting. It was a pity that we can only stay in Perth for two weeks. In just two weeks, I got a lot of memories here, I can't forget the tension when I first arrived, can't forget the myriad misunderstandings and contradictions in this two week and I can't forget the reluctance to leave.

Because of this study tour, Perth, became where I want to go most. And Phoenix Academy had become an important turning point in my life! In the Phoenix Academy, I have learnt more than just English knowledge. My teachers let me understand the importance of group cooperation. My classmates taught me how to handle the interpersonal relationships better.

In this study tour, my most memorable thing is the Graduation Ceremony. On that day, I took a lot of photos with my classmates who had been

with me for two weeks. Although we were very reluctant, time was up, we can only cherish the rest of time with each other.

At the end, I want to express my heartfelt thanks to my homestay, thanks for her help in two week, ^{and} I was very sorry for the fact that we always bickered with her at the beginning.

Perth, is a wonderful place that I love it so much. This study tour will be a highlight of my life!

Thank You :)
