My study tour destination is Australia. It is a wonderful place. Let me share my study tour experience with you!!! It takes 9 hours from Hong Kong to Brisbane, Australia. After the flight, we first met our tour guide - Kevin, a over 2 metres tall "giant", he was the tallest human that I seen! We first went to the South Banks Parklands. South Banks Parklands consist of a mixture of rainforest, water, grasses areas & plazas, as well as features such as the riverfront promenade, the wheel of Brisbane, the Nepal Peace Pagoda.... The parklands are also home to the Queensland Conservatorium. My ^{the most} unforgettable place in Australia is Currumbin Wildlife Sanctuary. We were able to feed kangaroos, ~~to~~ took a group pictures with a Koala. We also watch the Aboriginal dance show. The dancers are the original people here. I saw a lot of Australia's Indigenous & a lot of native animals. Before the Currumbin Wildlife Sanctuary, we went to

the Surfers Paradise & Superbee Honeyworld. Surfers Paradise is one of the busiest shopping strips in Queensland, it's also the Gold coast's entertainment & tourism centre & the suburbs high-rise buildings are the best known feature of the city's skyline. I bought a lot of souvenirs such ~~of~~ as some soap & some clothes. The sand in Surfers Paradise are very soft & comfortable. Superbee Honeyworld is located at Currumbin. The ~~is~~ home of live bee shows & a range of honey & bee hives products. Honeyworld is a hive of activity & draws tourists like bees to honey. Another place that I can't forget is Movie World. Movie is a popular movie related theme park, where there're various movie-themed rides, as well as attractions ranging from motion simulators to roller coaster and slow river rides. In this ~~sto~~ study tour trip, I study how to take care myself & speak with foreign friend in English. I also make more self-confident. The memorable moments is the host mum ~~made~~ made us a lot of lemon juice.

I will never forget the mouthwatering lemon juice ^{that} the hostfamily made for us & I will definitely miss Aussie food when I arrived at Hong Kong. Thank You:)
