I really like this study tour. It's really unforgettable! In the past, I wanted to go to Australia for travel because I like the wildlife very much. This time I went to Australia, I know more about their culture.

I like Australia very much. The people are really nice, they are really cheerful. When they see you have any problem, they will come and help us. Also, their food here are also yummy, have different countries' cuisines.

I can learn many things in this trip. I think that I can take care of myself better. Also, I feel more confident when I speaking English. This time I am a leader of a group, this experience also

make me become more responsible!

I have many memorable moments! At school, the last day of our school day was really unforgettable! After the last lesson, our buddies hugged with us together. I think I will be really miss her after I back to Hong Kong. At our home stay, I will never forget how nervous we were when we were preparing a dinner for them. In excursion, every time took a photo, all are my memorable moments!

Thank
You :)
