Reflection

I am happy that I can come here to have a study tour with the other students, this time we came to Auckland, I learn many things here.

First, I love this place because the environment here is great and the subject in school here is very diversification the student here can choose the lesson and the subject they want, example: Performing Art, Art, Design you can choose it freely and also in the language lesson you can choose to study Chinese or Maori, the subject my buddy choose is Chinese and they always find me for help, but my Mandarin is not good!

Second is the host family here, in my host family, they have father, mother, 7 years old boy Kingstom, 9 year old boy Marley and a little baby boy. They are all very nice, the host mother help us to make the breakfast, lunch and the dinner, the two boys called us to eat dinner everyday. And when the week end Sunday they brought us to the One tree Hill, the Beach and to the gift shop, they also always care of us I like them very much.

And at the school, I have a buddy called Olivia and she has many

friend, they take care me always and a day my buddy need to go for a event just like a swimming Gala, she me that her friend will take care of me and she is very care of me.

In this trip, I learn about the culture of New Zealand and many things in Onewhanga High School. Example: their school is very different to our school, they didn't have ^{the} fixed classroom to put their bag and have the lesson, they need to bring their bag to have every lesson and lunch.

My most memorable moment is the view I watch on the One Tree Hill, the full view of Auckland is beautiful and wonderful I love it very much. If I have chance to come here again, I will go to the One Tree Hill again.

I am happy to having this trip, hope I have chance to come here again, thank you!

Thank
You:)
