Reflection

I had a Sydney Study Tour from 29th June, 2018 to 13th July, 2018 with my schoolmates and teachers. This study trip is wonderful. Sydney is a beautiful city. There are many landmarks in Sydney, such as Blue Mountains, the Rocks, Sydney Fish Market, Bondi Beach, China Town and Darling Harbour.

I had learnt lot of things about Australia during the study tour like shops in Australia, Australian history, Australian food, Australian animals, Australian festival, surfing in Australia and speaking in Australia.

There are many differences between Australia and Hong Kong. At first, I could not adapt living in Australia. But the people in Australia is friendly so I started to adapt Australia.

The most unforgettable moment is the interview

in Bondi Beach. We had two students in a group and asked three foreigners some questions. I was very afraid of talking with strangers in English before I went to Australia. But I felt a bit pleasant when I was asking some question to the foreigners because they were friendly so I was not scared of them. It was not only practised my English but also made me braver.

In general, it is a wonderful study tour. I had learnt a lot of things in it. I hope I will go to Australia again in the future.

Thank
You:)
