During this 15 days Sydney Study Tour, I have experienced the culture of Sydney. It broadened my horizon and offered us chances to learn the history of Australia. Also, I build up friendship with my schoolmates. The itinerary is full every day and benefited me a great deal. I have a deeper understanding of Australia.

We have visited many well-known tourist attractions such as Sydney Opera House, Harbour Bridge and Bondi Beach. We saw many awesome scenery there. They left us breathless.

But, my favourite attraction is Oakvale Farm. This farm is home to Australian native animals such as koalas, kangaroos and ring-tailed lemurs. We can feed the

, kangaroos
Sheep^v and even touch the back of koalas.

I enjoyed a lot in this place and I would recommend my friends to visit this farm.

During these English lessons in Holmes Institute, I have improved my English skills.

Mrs. Carley told us many interesting things about Australia such as the landmark and typical animals of Australia. Also, it provided a opportunity for us to interview^{the} people from Bondi Beach. We have tried some tongue twisters too. We played some entertaining games with Mr. Coco. For example, we have to draw a picture for each person and let other students to guess what it is. These games are so amusing and they really broadened my horizon.

I hope that we can stay in touch in future. We all think that this exchange tour gave us a valuable memory.

Thank You :)
