

My Sharings

First thing, I need to thank you all teachers and leader. They were so take care of us. They always worry about ours safe.

And second, I was very thankful to my host family, in just few days they talk with us and share something they knew. We were having so many good memory with my host family. If I have chance I will come back soon.

Third we visited so many beautiful ~~city~~ places and so many museums. I learned so many things in UK. Such as history, the ~~hand~~ traditional food.

At the end I felt Liverpool is a free and nice city. People also very nice and kind to us. However, thank

you so much Liverpool. Hope I can see you next time!
