This study tour give me a memorable experience. I like this country and I very love London. In Hongkong, this city ~~is~~ has mixed culture with ~~the~~ Eastern and Western. But now I can ~~ex~~actly touch the England culture. I learn to eat their food, their culture and their lifestyle. It's amazing to live in England, I love this place!

In this study tour, it can very improved my English skill, because they just speak English, when I have any questions or want to talk with them, I will try my best to have a communication with them. So that it's very helpful to train my speaking skill. Also, I can meet some friends who are come from other country. Because in the school, not just us, there ^{also} have many students come from others countries such as Italy, Spain and Rome. We ~~can~~ learn English together in the same class and use English to ~~talk~~ because English not our mother tongue.

I think this is amazing to see each other use English to ask other's local culture. It can ~~be~~ boarden our horizon. It's a very memorable moments that I ever feel it. I love UK!

Thank
you :)
