Being glad to join this study tour, I learnt much, speaking skills and listening skills, for example. I can communicate and interact with the native speakers in English, also enjoy the life in England. The experience was amazing and I am thoroughly enjoyable on the trip.

Thanks for the helps provided by our escort, Gary, and the teachers or guides from the school, the excursions and visits ~~was~~ ^{were} held perfectly and fluently. Despite of the other incalculable factors, the outing activities ~~are~~ were worth to be joined. I really appreciate the guide from the teachers and escort.

The most memorable part of the trip is to visit the cathedrals in Liverpool,

It is the first time for me to see such magnificent and beautiful building, the atmosphere inside the cathedral did shocked me.

Besides, the lesson in the international school were also amazing, the classmates from different countries were very nice to talk with. I did meet some new friends from the school and I also had an wonderful time in the school.

Finally, It is advisable for everyone to join the study tour, I did completely immerse in the environment of English in England.

Thank You :)
