This study tour has been amazing and enjoyable. I originally came to learn about the culture here and how everything works because I might study here someday, but I ended up learning much more than that. My best friend didn't come this time because she had to go to the USA and I didn't have any friends coming with me so I had to talk to my schoolmates and created a bond with them. Cheryl was really out-going, she made both me and Kiki really comfortable, and that's how I became a bit more confident in making new friends. We also became really familiar with the city centre and excellent map reader, because we took so long to find the school on the first day. There's a piano in my homestay, and my host family loves when I play for them. I still haven't left Liverpool but I already miss my host family.

Liverpool is a really aesthetic and lovely place with a lot of gothic buildings. It is also filled with music and really friendly people. I love this place a lot and would love to visit this place again.

Thank  
You:)
