My study trip was tremendous, there are many hilarious things happened and we went to many different places in Brisbane, Australia, for example, Movie World, Surfers Paradise, and Currumbin Wildlife Sanctuary. These are my favourite spot in Brisbane. I like Brisbane because it is tranquility, Hong Kong is very busy, and noisy too.

I learnt a lot of things there, like, how to communicate with Aussies, culture of Australia and Australian values. This helps me a lot in the trip. The most important is the communication with Aussies because I was living in a homestay family, I need to communicate with them everyday. Also, I had lessons with my buddy for 3 days, we

discuss about the difference between Hong Kong and Brisbane (Australia).

My most memorable moments are riding roller coaster in Movie World. I don't usually play roller coaster but I have ridden two roller coaster there. Although I didn't play the Joker roller coaster, I thought it was a breakthrough too.

Thank
You :)
