Time flies! After these 14 days in Australia, everything had come to an end. It was a really good experience studying in Australia, I liked their teaching mode so much as it is much more relaxing than that in Hong Kong. They only had a little homework and they are really free in class. For the host family, they were really kind to us. They made us many delicious food which I really loved it. I also loved spending time with them, because we always had endless topics to talk about, and we always played fun mini games.

Throughout the whole trip, my favourite place was Movie World, I enjoyed playing those thrilling and exciting rides so much.

To conclude, this trip was fun and unforgettable,

and I think Australia is a really beautiful place. I hope I will have another chance to visit Australia again soon.

Thank
you :)
