Brisbane is the capital and most populous city in the Australian state of Queensland and the third most populous city in Australia. There has lots of land that can provide for Australians, so the population is lower than Hong Kong. Queenslanders enjoy more winter sunshine and warmth than most other Australian states and it's perfect for all types of outdoor activities and water sports!

My favorite place that I've ever been is Australia. I like Hinze Dam in Brisbane. That's so cool for me and the sight is the most beautiful one. Brisbane is a good place for relax and unwind. It's beautiful and have a lot of plants around us. I like this place so much. My study trip is good and happy.

I've learnt lots of things in this trip.

learn how to be more self-regulation; experience Australia's local culture; learn how to assimilate into another group of people; make more new friends from different country.

Thank you for this trip! That's unforgettable!

Thank You :)
