We went to Seattle this year, we went to the Theo Chocolate Factory, the Space Needle, Microsoft Visitor Centre and the Aquarium... I think this study tour is really interesting. The people were really nice here. Also, the teachers were really nice to us. I learn how to take care myself in this trip, it really useful and meaningful. I think the most memorable moment in this trip is visit^{the} Theo Chocolate Factory because it let me know how to make chocolate. I never thought that making chocolate was that annoying. If I can join again, i must join it again.

Thank
You:)
