### Reflection

I think this trip is very good. In this trip I can learn about the culture of America. In this trip I also ate a lot of American food like hotdogs, hamburgers and potato chips. Beside the American food I also made a lot of new friends like May, Lynn and Bobby.

In this 16-days trip we all need to live in a host family and they are really kind to us and the house are really big and beautiful.

Inside the trip you can also see a lot of nice views and go to different places like pike place market and gum wall. For me my favourite place is space needles because you can watch

the whole city in a high place.

Finally I think this trip is really great and it is a good opportunity to learn more things in different country.

Thank  
You :)
