I met a lot of new friends. Especially Italian friends. I learnt more about Edinburgh and UK. Broaden my perspective. This is also my first time to travel to UK/Europe. I like this place. I will definitely miss everythings in Edinburgh, My host, my friends and teachers. And this tour will be my most memorable and unforgettable experience. I never feel homesick in Edinburgh. I actually prefer living in Edinburgh than Hong Kong. I got my way to contact my Italian friends. The teachers in Mackenzie is undoubtedly much more funnier than teachers in Hong Kong. I never got tired when I'm on a lesson. I learnt how to become independent and mature after this trip. Moreover, I improved my English speaking skill and writing skill. Nothing

is better to learn English than living in a place where English is the mother language. I will recommend this study tour to others. If there are ^{any} other study tours, I will consider joining it again.

Thank You :)
