We had a good and nice time in Edinburgh. The people here are so kind. We had learnt a lot in Edinburgh, knew their culture and traditional. We went to many places that never seen at Hong Kong, The scenery here is so spectacular. Although I missed Hong Kong's food, but we had ^{learnt} lots of experience. This trip is my first time to go that far away Hong Kong, I can't imagine that I can live with my friend without my parents.

I love this trip very very much! It can help me to be independent. The weather here is so soft and comfortable. When I was accustomed to live in my homestay, I really don't want to go back Hong Kong anymore. The livelihood here is very slow, you can do whatever you want. I love the Disco night very much, you can dance, sing and play with your friend highly.

Apart from that, I love the day that went to Portobello Beach, because the beach is so big and the sea is so clear! We played Kinball that day, we all were happy.

Thank You :)
