

My Host

My host is Devon Cuneo. She lives in a big house at the Empire Avenue. She is an Australian. She just looks like a very kind grandma to me!! (Just kidding)

First, I wanna to talk about her house. As mention upon, she gets a big house. Not only big, but also a special house. Her house is specific in compare with the others near by. Her house is western styled. Also there are some Japanese and Chinese decorations in her house. (As she mentions, she lived in Japan for several years) I and my friend both got a nice room.

Next, lets talk about the food. She really cooks very well! (No Cheating!! I promise) Everyday, we get different beautiful food. For breakfast, we have toast, muffin, ham, cheese, bread, tea, hot chocolate. etc) For dinner, we have got different countries's food. So far, I've tried Australian, Chinese, Middle East, Swisserland, Japanese. Moreover, she also makes 'Stunning' desserts too!

Devon also gets a lovely dog which named Coco. I love playing with him very much.

I think that its really my fortune to meet this brilliant host family. This will be my sweet memory forever. To end up, I can only say ~ 'Thank you very much, Devon!'
