

# "My Host"

This is my first time to Australia. Like all other schoolmates, I'm lucky as I'm living with a friendly and thoughtful host whose name is Cita. Auntie Cita was born in Philippine but she moved to Australia when she was 27.

Auntie Cita likes shopping and singing. But her favourite is cooking. Therefore, she always cooks different types of cuisines for us. Besides, she likes fruits very much especially bananas, apples and pineapples. She also likes Caesar salad and Asian food.

Lastly, Auntie Cita told me she would like to visit HK and the first thing she would do is shopping and visiting the temples. I hope to be her guide to show her around in HK!
