

My Sharings

It was an unforgettable memory for me and I'm sure that I will miss my host family a lot when I ^{go} back to Hong Kong. I have learnt many things from this trip such as how to be independent, how to be brave and how to communicate with others. We have to be polite for all the time so that the others will like to be with you.

My host family took good care of Joanne and I and they are so nice to us. All of them are so sweet and they taught and did a lot of things with me. Such as cutting the wood, playing chess and going to the roof top of their house. I love them so much and I won't forget the things that they did to us.

I have learnt how to play cricket from Len and I started to fall in love with this,

I hope that I can still watch and learn cricket in Hong Kong and he's a great teacher and 'FATHER' to me. Jennifer has made us so many tasty food and both of us love to eat the food. And so I will never forget the taste of the food and her. Although, I'm looking forward to go back Hong Kong, I know that I will miss all of the people and things in Australia, especially the relaxed lifestyle and our host family. I knew that our host family is going to pick another three boys from Hong Kong after they drop us off, but I still hope they will have a good life and I will remember my 'second parents and brother in Australia' forever.
