

## My Sharings

My favourite place in Perth are Fremantle Markets, Margaret River chocolate Factory and Museum of Western Australia and Art Gallery. I think Perth is a fascinating, historical and artistic place.

In City Orientation Tour, I visited Perth CBD, Perth train station and London Court Cafe Perth City. And I had a lunch at food court

as well. My first impression of Perth is even though there is lots of shop or shopping center in Perth. I think they're not as good as in Hong Kong. In Indoor Climbing Rock, Although it is not my first time, I was very excited too. I just played it at school before but I can't climb too high successfully because I'm not enough confident. Now, I can do it very successful, so I really enjoyed the activity this time.

I went to AQUA and saw different kinds of sea animal, such as Sharks, Sting Rays and Eels, Sea turtle. Also, I had a chance to touch Starfish, I was so excited because it was my first time to able to touch sea animals. Finally, I saw lots of ship and boat parked at Boat Harbour, is a very fascinating view, isn't it?
