

My Sharings

In this tour, I've visited a lot of tourist attraction which are very famous. For example, the Eiffel Tower, British Museum, Oxford Street, National Stadium and so on. It is a great experience for me to visit these kinds of tourist attraction. Moreover, this tour could let me know more about the culture of France and Britain. I think it is really great and I am incredibly enjoyable. Besides ~~that~~, I also knew some new friends from the other countries, especially in the University where is in Britain. There are the students which come from foreign countries. For example, Singapore, Turkey, Taiwan and so on. I may communicate with them in English or Putonghua. It is a great opportunity to have some new friends. Last but not least, it is an opportunity for me to learn independence. It is because I need to leave them away for 13

days. Therefore, in these 13 days, I need to look after myself. Although I am not used to leaving my parents away for many days initially, I can also do it. I am really happy about that. Finally, I am satisfied in this tour. It is good for me to join this tour with my friends.
