Reflection

* Please write in English

The study tour is good and I would like to join another tour of your company with my friends. The study trip is awesome and I have more confident for saying english and I love this place very much because I can sleep well, play well and also the eating are good. I have learnt that to talk more to the others and have more confidence to say in English. The memorable moments is doing sight seeing and playing with my buddy.

Thank
you :)
