### Reflection

\* Please write in English

I went to a lot of places related to Britain. I think this trip was very good. I went out to see and know a lot about foreign countries. I used to be shy and now dare to speak English in front of foreigners. It feels like this place in England is very nice. The scenery is very nice. The ~~se~~ scenery is very beautiful.

When we are in class, we are forced to speak English. I think it's very good for me. This opportunity may be very few, so I also have the courage to try my own English, after which I can do better.

A visit to Scotland often begins in Edinburgh, the capital city of Scotland.

Edinburgh is an old city with many important and interesting buildings.

Holmwood palace is the official residence of the British monarch in Scotland. The palace as it stands today was built between 1671-1678. Located at the bottom of the Royal Mile in Edinburgh, at the opposite end to Edinburgh Castle.

Thank  
You :)
