Reflection

Study with My buddy

I am going to talk about that study with my buddy. My buddy is Chloe, a nice girl who tried every thing the best. I like her since she was friendly and also very kind and hard-working. She is a very good girl.

I enjoyed the time that I studied with her since she will answered the questions that I ask her patiently about the thing I don't know. We also did sums together during the Maths lessons. I always have a wonderful time with her. I learn many things from Chloe and the things that the teacher taught on the lessons. She likes unicorns very much! Since her pencil case has an unicorn on it.

I had a meaningful time with her since I learn from her a lot. We also share fun things about our family, friends and also daily lives. I enjoyed studying with her very much at all.

Thank
You :)
