

My Sharings

This ~~trip~~ ^{trip} ~~was~~ ^{was} the greatest trip I've gone to. Not only I can learn about english, I can also learn how to be independent and solve problems myself.

I remember, we went to Anna Bay for sandboarding, first it was great, we enjoyed it. But then, it started to rain really fast, I got my whole body wet, including my T-shirt, trousers,

and shoes. And the most annoying thing is, my clothes are all filled with sand, I have to hand wash my clothes and shoes. Then I hung up my clothes, and I ~~found~~ found that I have to wear my shoes the other day, and I quickly figured out a way to let my shoes dry faster: to put towels inside my shoes, and it works! And that's when I learn to be independent.

I've also learnt about the culture in Australia. So far, we've been to the Power House Museum,

Hunter Valley, Murray's Brewing Company, Port Stephens, etc. I've learnt about the history of Australia, how people brew their beer and wine, and animals. In Murray's Brewing Company, I really wished to try some of the wine, but unfortunately, I'm under 18, so I just get to walk around.

I really enjoyed this trip, so I wish to come again.
